Dear Ms. Newman:

The following is the Response to the CERCLA 104(e) Request for Information dated May 14, 1991 addressed to Rock Road Industries, Inc. ("Respondent"). Pursuant to a letter addressed to Respondent's counsel ("The Stolar Partnership") from Nancy E. Bacon of the United States Environmental Protection Agency Office of Regional Counsel dated June 12, 1991, Respondent was granted until July 19 to file this Response.

Respondent has only had a corporate existence since 1988, and corporations with which it is affiliated have been under new ownership and management since the mid 1980s. Therefore, Respondent's answers with respect to periods prior to that time are not founded on personal knowledge of its officers or management but rather on a review of corporate and other records and, where noted, interviews with appropriate individuals.

In the Request for Information, the EPA refers to the site as "The West Lake Landfill in Bridgeton, Missouri." Respondent assumes that the geographical boundary intended by the EPA's reference to the West Lake Landfill site is the same as depicted in the various reports prepared by and for the U.S. Nuclear Regulatory Commission. For purposes of clarity, a copy of the site drawing on page 4 of the NRC Summary Report (hereinafter defined) is reproduced here on page 2 of this Response.

Page 3

Also, for purposes of clarity, Respondent incorporates the following definitions into its Response:

A. "Archdiocese" means Most Reverend John L. May, in his representative capacity as Archbishop of the Archdiocese of St. Louis.

B. "Radioactive Area 1" means the portion of the site east of the old landfill office as shown on page 2 of this Response, and covering about three acres according to the NRC Summary Report.

C. "Radioactive Area 2" means the extreme western portion of the site as shown on page 2 of this Response, and covering about thirteen acres according to the NRC Summary Report.

D. "NRC Site Characterization Report" means the U.S. Nuclear Regulatory Commission, Office of Nuclear Material Safety and Safeguards report entitled "Site Characterization and Remedial Action Concepts for the West Lake Landfill," Docket No. 40-8801, July 1989, attached in response to Request for Information No. 14 as Exhibit 14-E.

E. "NRC Summary Report" means the U.S. Nuclear Regulatory Commission, Office of Nuclear Material Safety and Safeguards Summary Report entitled "Radioactive Material in the West Lake Landfill," NUREG-1308 (Rev. 1) (June 1988), attached in response to Request for Information No. 14 as Exhibit 14-D.

F. "Shrine" means The St. Jude League, a/k/a The Shrine of St. Jude, an Illinois not-for-profit corporation.

G. "Society" means The Society for the Propagation of the Faith, Archdiocese of St. Louis, a Missouri benevolent corporation.

H. "West Lake Companies" means the following Missouri corporations: West Lake Quarry and Material Company, West Lake Ready Mix Co. and (with reference to any period after July, 1988), West Lake Transportation Company and Rock Road Industries, Inc. With reference to the period prior to July 29, 1988, the term also includes West Lake Landfill, Inc.

4. If Respondent has any subsidiaries or affiliates, please state the following with respect to each subsidiary or affiliate:

- 4.1 The full and correct name of each;
- 4.2 The address of its principal place of business;
- 4.3 If a corporation, the state of its incorporation;
- 4.4 Its relationship to Respondent's business or corporation;

- 4.5 The name, address, and title of each officer and director;
- 4.6 The name and address of the resident agent; and
- 4.7 The principal business in which such entity is involved.

ANSWER:

- 4.1: Respondent has no subsidiaries. However, Respondent is affiliated with the following corporations:

West Lake Quarry and Material Company
West Lake Ready Mix Co.
West Lake Transportation Company

- 4.2: The address of the principal place of business of each affiliated corporation is:

12976 St. Charles Rock Road
Bridgeton, Missouri 63044

- 4.3: Each affiliated corporation was incorporated in the State of Missouri.

- 4.4: Each affiliated corporation is related to Respondent through common shareholders.

- 4.5: The officers and directors of each affiliated corporation are the same as the officers and directors of Respondent, as listed above in the Answer to Request for Information No. 3.6.

- 4.6: The registered agent of each affiliated corporation is:

S. Francis Baldwin
12976 St. Charles Rock Road
Bridgeton, Missouri 63044

- 4.7: The principal business of each affiliated corporation is as follows:

West Lake Quarry and Material Company - producer and seller of crushed stone, rip raps and asphaltic concrete mixture

West Lake Ready Mix Co. - producer and seller of sand (formerly of ready mix)

West Lake Transportation Company - transporter of asphalt oil, stone and sand

5. If Respondent is a subsidiary of, a division of, a franchise of, or part of the organization of any other corporation, entity or organization, please state the following with regard to each such corporation, entity or organization:

5.1 Its relationship to Respondent's entity, organization or corporation;

5.2 Its principal office;

5.3 The state of its incorporation or organization;

5.4 The date of its incorporation or organization;

5.5 Its principal business;

5.6 The commencement date of its relationship with Respondent's entity, organization or corporation; and

5.7 The names and addresses of its officers and directors.

ANSWER:

Respondent is not a subsidiary of, division of, franchise of, or part of the organization of any other corporation, entity or organization.

6. Provide the date quarry operations first began at the West Lake Landfill site. Also provide the date when waste was initially disposed of in the landfill.

ANSWER:

In or about 1939, West Lake Quarry and Material Company began quarrying operations at the site. West Lake Landfill, Inc. was incorporated in 1962 and began its landfilling operations at the site at or about that time.

7. Provide information and copies of documents pertaining to the ownership of the West Lake Landfill since it began operations as a quarry and as a landfill.

ANSWER:

The West Lake Companies have contracted with a local title company to perform a chain of title search dating back to 1939 when quarry operations began. Due to the complexity of the ownership history of the site, the results of that search are not yet available. The following information is based on available corporate records and facts recollected by current West Lake Companies management. This answer will be updated and revised to the extent necessary upon completion of the chain of title search.

A. Prior to Death of Vertice Cruse, June 27, 1972

Radioactive Area 1 and part of Radioactive Area 2 are located in the portion of the site historically referred to as Parcels 1 through 7. See Exhibit 7-A attached hereto. In the period preceding the death of Vertice Cruse (June 27, 1972), and probably at least since landfilling operations commenced at the site, Parcels 1 through 7 were owned by Vertice and Catherine Cruse, and by Lillian E. Trump. During the administration and settlement of the estates of Vertice and Catherine Cruse (as will be discussed below), it became the subject of controversy whether ownership of the seven parcels during this period was in the V.R. Cruse, Catherine H. Cruse and L.E. Trump Partnership (in which Partnership Vertice and Catherine Cruse each held an undivided one-fourth ($\frac{1}{4}$) interest and Lillian E. Trump held an undivided one-half ($\frac{1}{2}$) interest) or whether ownership of the parcels was held directly by Vertice and Catherine Cruse (as tenants by the entirety) as to an undivided one-half interest and Lillian E. Trump as to an undivided one-half interest. At the time of Vertice Cruse's death, the seven parcels were under lease to the West Lake Companies (100% of the outstanding stock of which was owned by Vertice Cruse at the time of his death).

The portion of the site known as Parcel 8 (in which a portion of Radioactive Area 2 is located) was owned by West Lake Landfill, Inc. See Exhibit 7-A.

B. Settlement of the Cruse Estates.

The Will of Vertice R. Cruse (attached hereto as Exhibit 7-B) set apart for the benefit of Catherine Cruse during her life the residue of the estate of Vertice Cruse (including his stock in the West Lake Companies and his 25% partnership interests), with the remainder of such residue going to the Archdiocese upon her death. Said Will also set apart for the benefit of Catherine Cruse during her life "an amount equal to the maximum marital deduction" with a general power of appointment over such amount at her death. Catherine Cruse died on March 19, 1981.

Through her Will, she exercised her power of appointment in favor of and bequeathed the remainder of her estate to Cardinal Glennon Memorial Hospital for Children (now known as Cardinal Glennon Children's Hospital) ("Cardinal Glennon"), the Little Sisters of the Poor ("Little Sisters"), the Shrine and the Society (collectively, the "Not-For-Profit Corporations"). See the Will of Catherine H. Cruse, attached hereto as Exhibit 7-C.

On August 29, 1984, after a lengthy dispute regarding the estates of Vertice and Catherine Cruse, a Settlement Agreement was executed by the personal representatives of the Estate of Vertice R. Cruse, the personal representatives of the Estate of Catherine H. Cruse, the Archdiocese and the Not-For-Profit Corporations. The parties to the Settlement Agreement acknowledged and agreed that Parcels 1 through 7 were partnership assets. Accordingly, the one-fourth interest of each of the estates in the partnership (the assets of which consisted primarily of Parcels 1 through 7) were distributed to the Archdiocese and the Not-For-Profit Corporations pursuant to Order of Partial Distribution in the Estate of Catherine H. Cruse dated August 31, 1984 (which Order and Fifth Amended Inventory of said estate are attached hereto as Exhibit 7-D) and Order of Partial Distribution in the Estate of Vertice R. Cruse dated August 31, 1984 (which Order and a Verified Inventory of Partnership filed with the Probate Court are attached hereto as Exhibit 7-E). As additional evidence of such distributions, quit claim deeds to a collective undivided one-half interest in Parcels 1 through 7 were delivered to the Not-For-Profit Corporations and the Archdiocese on February 6, 1985 and March 27, 1985, respectively. Said quit claim deeds are attached hereto as Exhibits 7-F and 7-G, respectively. The Archdiocese received an undivided 16.5% interest in the whole of Parcels 1 through 7, and each of the Not-For-Profit Corporations received an 8.375% interest therein; Lillian E. Trump continued to own an undivided 50% interest.

On or about December 31, 1987, Cardinal Glennon and the Little Sisters transferred their interests to the Archdiocese. See quit-claim deeds dated December 31, 1987, attached hereto as Exhibit 7-H. On or about January 15, 1988, the Archdiocese, the Society and the Shrine executed a quit-claim deed redistributing their undivided 50% interest as follows:

the Archdiocese	49.62%
the Society	25.19%
the Shrine	25.19%.

See quit-claim deed dated January 15, 1988, attached hereto as Exhibit 7-I. Also in January of 1988, the Cruse/Trump Partnership was dissolved.

During this time period, Parcel 8 continued to be owned by West Lake Landfill, Inc.

C. The Laidlaw and Trump Transactions.

On July 29, 1988, the stock of West Lake Landfill, Inc. (owned by the Archdiocese, the Society and the Shrine) was sold to Laidlaw Waste Systems Inc. As part of this transaction, the Archbishop, the Society and the Shrine conveyed their interests in the larger portions of Parcels 1 through 7 to West Lake Landfill, Inc. (the name of which was then changed to Laidlaw Waste Systems (Bridgeton) Inc. (hereinafter, "Laidlaw (Bridgeton)"). See General Warranty Deed to West Lake Landfill, Inc. dated July 29, 1988, attached hereto as Exhibit 7-J. The Archdiocese, the Society and the Shrine retained their collective undivided 50% ownership of the remainder of Parcels 1 through 7.

With respect to Parcel 8 (which had been owned by West Lake Landfill, Inc.), a small tract within said Parcel was conveyed to West Lake Quarry and Material Company ("West Lake Quarry") and title to the portion of Radioactive Area 2 contained within said Parcel was transferred to Rock Road Industries, Inc. See General Warranty Deeds from West Lake Landfill, Inc. dated July 29, 1988, attached hereto as Exhibit 7-K. Title to the remainder of Parcel 8 remains in Laidlaw (Bridgeton) f/k/a West Lake Landfill, Inc.

On January 25, 1990, following the death of Lillian E. Trump, a Settlement Agreement was signed and implemented with her heirs, namely, Walter Trump and Dorothy Trump. Pursuant to that Agreement, the Trump heirs conveyed all of their undivided 50% interest in Parcels 1 through 7 as follows:

- (1) the portions of Parcels 1 through 7 in which Laidlaw (Bridgeton) held an interest were transferred to Laidlaw (Bridgeton) (see General Warranty Deed to Laidlaw (Bridgeton) dated January 25, 1990, attached hereto as Exhibit 7-L);
- (2) Radioactive Area 1 and the portion of Radioactive Area 2 located within Parcels 1 through 7 were transferred to Rock Road Industries, Inc. (see General Warranty Deed to Rock Road Industries, Inc. dated January 25, 1990, attached hereto as Exhibit 7-M); and
- (3) the portions of Parcels 1 through 7 in which the Archdiocese, the Society and the Shrine

had retained their interests were transferred to West Lake Quarry (see General Warranty Deed to West Lake Quarry dated January 25, 1990, attached hereto as Exhibit 7-N).

In addition, the Archdiocese, the Society and the Shrine transferred their remaining interests in Parcels 1 through 7 (except for Radioactive Areas 1 and 2) to West Lake Quarry, so that West Lake Quarry now owns full fee title to such portion of Parcels 1 through 7. See General Warranty Deed from Archdiocese, et al., to West Lake Quarry, dated January 25, 1990, attached hereto as Exhibit 7-O. The Archdiocese, the Society and the Shrine also transferred their remaining interests in Radioactive Areas 1 and 2 (located in Parcels 1 through 7) to Rock Road Industries, Inc. See General Warranty Deed from the Archdiocese, et al., to Rock Road Industries, Inc. dated January 25, 1990, attached hereto as Exhibit 7-P.

A map showing the resulting ownership in the site is attached hereto as Exhibit 7-Q. A chart depicting the transfer of real estate interests and corporate ownership is attached hereto as Exhibit 7-R.

8. Provide details of the relationships between West Lake Landfill, Inc., Rock Road Industries, West Lake Quarry and Material Company, West Lake Ready Mix Company, Red Bird Ready Mix Company, Laidlaw Waste Systems (Bridgeton), Inc., Laidlaw Waste Systems Inc., the Archdiocese of St. Louis, the Shrine of St. Jude, and the Society for the Propagation of Faith.

ANSWER:

The Archdiocese, the Society, and the Shrine collectively own one hundred percent (100%) of the stock of West Lake Quarry and Material Company, West Lake Ready Mix Co. and Rock Road Industries, Inc. A breakdown of the ownership in West Lake Quarry and Material Company, West Lake Ready Mix Co. and Rock Road Industries, Inc. is as follows:

<u>Company</u>	<u>Percentage of Ownership</u>		
	<u>Archdiocese</u>	<u>Society</u>	<u>Shrine</u>
West Lake Quarry	81.05	8.51	10.44
West Lake Ready Mix	79.52	10.24	10.24
Rock Road Industries	79.52	10.24	10.24

Respondent believes that, at or about the time West Lake Landfill, Inc. was incorporated, Vertice Cruse and Lillian E. Trump, both of whom are now deceased, became the owners of all the shares of West Lake Landfill, Inc. Thereafter, some time in 1970 or 1971, Respondent believes that either Vertice Cruse purchased all the shares of Lillian E. Trump in West Lake Landfill, Inc. or West Lake Landfill, Inc. redeemed all of Mrs. Trump's shares. By virtue of bequests distributed under the Wills of Vertice Cruse and Catherine Cruse on August 31, 1984, the following came to own one hundred percent (100%) of the stock of West Lake Landfill, Inc.: (1) the Archdiocese, (2) the Society, (3) the Shrine, (4) Cardinal Glennon Children's Hospital f/k/a Cardinal Glennon Memorial Hospital for Children, a Missouri not-for-profit corporation ("Cardinal Glennon"), and (5) the Little Sisters of the Poor, a Missouri benevolent corporation ("Little Sisters"). On or about December 31, 1987, the Archdiocese, the Society and the Shrine purchased the outstanding shares of Cardinal Glennon and the Little Sisters such that the ownership interests became, respectively, 79.52%, 10.24% and 10.24%. On July 29, 1988, Laidlaw Waste Systems Inc. ("Laidlaw") purchased all of the outstanding shares in West Lake Landfill, Inc. from the Archbishop, the Society and the Shrine, and at that time the stock transfer book of West Lake Landfill, Inc. was delivered to Laidlaw. Thereafter, West Lake Landfill, Inc. was renamed Laidlaw Waste Systems (Bridgeton) Inc. To the best of Respondent's knowledge, information and belief, Laidlaw continues to own one hundred percent (100%) of the stock of West Lake Landfill, Inc.

Red Bird Pre-Mix Co. ("Red Bird") is a Missouri for-profit corporation which, on or about February 5, 1990, purchased, inter alia, from West Lake Ready Mix Co., two (2) concrete batch plants, a fleet of ready mix trucks and a portion of the inventory of West Lake Ready Mix Co. and is presently leasing real property from West Lake Quarry and Material Company at or near the site and subleasing real property from West Lake Quarry and Material Company on a portion of property commonly known as West Lake's Plant No. 2, 14201 Lewis & Clark Boulevard, Florissant, Missouri 63034. Red Bird and West Lake Quarry and Material Company have never had, and do not presently have, any common officers, directors, employees or shareholders.

9. Provide maps of the property encompassing the active and inactive quarry and landfill. Describe any adjacent property owned by Respondent, including a legal description.

ANSWER:

See portion of Survey of Sherbut & Associates, Inc., Revised 6/24/88, produced herewith as Exhibit 9-A. Respondent does not own any real property adjacent to the site.

10. Provide a list of all transporters (names, addresses, and EPA Identification numbers) disposing of waste at the West Lake Landfill by year. If the waste was or is being disposed of pursuant to a written contract, provide a copy of any contracts or agreements.

ANSWER:

On July 29, 1988, all of the records of West Lake Landfill, Inc., except for an aged accounts receivable ledger as of November 30, 1987 (which was inadvertently retained) were delivered to representatives of Laidlaw Waste Systems Inc., and therefore Respondent is unable to provide a complete list of all transporters disposing of waste at the West Lake Landfill by year. Companies and transporters identified on the 1987 accounts receivable ledger and other companies and transporters believed to have disposed of waste at the West Lake Landfill are listed on Exhibit 10-A, attached hereto. The addresses provided on such Exhibit were obtained from the 1991 telephone directory, as no addresses are indicated on the ledger. Respondent has no knowledge of the existence of any contracts for the disposal of wastes or of any EPA Identification Numbers.

11. Provide the names, addresses, and telephone numbers of all persons responsible for the financial recordkeeping for West Lake Landfill, past and present.

ANSWER:

In responding to the foregoing question, the following were consulted: Michael Luebbert (identified in Answer to Request for Information No. 1) and the employment records of the West Lake Companies. Titles shown are last position held with the West Lake Companies. Dates shown are for the time frame during which the individual exercised responsibility for the financial recordkeeping of the West Lake Companies.

West Lake Landfill, Inc., as explained in Answers to Request for Information Nos. 7 and 8, was sold to Laidlaw Waste Systems Inc. Respondent, therefore, has no knowledge of the persons responsible for the financial recordkeeping for Laidlaw Waste Systems (Bridgeton) Inc. (f/k/a West Lake Landfill, Inc.) subsequent to July, 1988.

12. Identify all persons directly involved in overseeing activities at the site, including employees who have knowledge, information or documents about the quarry and landfill operations.

ANSWER:

In responding to the foregoing question, the following were consulted: Michael K. Luebbert and James J. Ohmes (each being identified in Answer to Request for Information No. 1) and the employment records of West Lake Companies.

The following individuals supervised quarrying activities at Plant No. 1 Quarry (i.e., the quarry located at the site). Titles shown are last position held with West Lake Quarry and Material Company. Dates shown are for the time frame during which the individual exercised supervision over quarrying activities at Plant No. 1 Quarry.

13. Describe any clean-up or removal of hazardous substances as defined in CERCLA §101(14), 42 U.S.C. §9601(14), at the site.

ANSWER:

There has been no clean-up or removal of hazardous substances from the site, other than the placement of additional dirt on top of the berm separating the site from adjacent property owned by Ford Motor Credit Corporation. The additional dirt was placed on the berm to help avoid contamination to the Ford Motor Credit Corporation tract through wind or surface water runoff.

14. Provide copies of boring logs, geologic reports, well logs, well locations, soil samples, and all sampling data including sampling locations of all such samples for the site.

ANSWER:

The following are produced herewith as Exhibits 14-A through 14-H:

(A) Reserve Analysis of Quarry Properties Prepared for West Lake Quarry and Material Company, dated February 1982 by Dunn Geoscience Corporation, Latham, New York, pages 1-9. (This report was prepared for all properties owned by West Lake Quarry and Material Company. Due to the volume of this report, only those portions pertaining to the site (Quarry #1) are produced herewith.)

(G) EPA Form T2070-4 (10-79) (Potential Hazardous Waste Site-West Lake Landfill, Site No. MOD079900932, dated 11/06/85).

(H) Missouri Department of Natural Resources, Division of Environmental Quality, Laboratory Services Program Reports of Sample Analysis, dated 10/1/80, 10/29/80, 6/16/81 and 12/14/83. Samples collected on 10/1/80, 6/16/81 and 12/14/83 were collected off-site. Respondent has no knowledge as to whether contaminant levels reported from the off-site samples are either reflective of, or attributable to, conditions at the site.

Respondent is currently attempting to obtain copies of the following Exhibits 14-I and 14-J, and will produce same at such time as they are located.

(I) Interim Report on the Proposed Ground Water Sampling Program for the Primary Phase of the Hydrogeologic Investigation, West Lake Landfill, St. Louis County, Missouri, October 1985 prepared by Burns and McDonnell, Kansas City, Missouri.

(J) Hydrogeologic Investigation - West Lake Landfill Preliminary Phase Report, dated January 1985 prepared by Burns and McDonnell, Kansas City, Missouri.

15. Provide a description of the method of waste disposal (e.g. whether the waste was compacted or crushed prior to disposal), the thickness of waste deposited, and the amount of clean cover on top of the waste.

ANSWER:

Prior to the 1988 sale to Laidlaw Waste Systems Inc., with respect to the demolition landfill, demolition material was deposited and compacted by a crawler cat in eight foot lifts, and then once per week the crushed material was covered with four inches of dirt. With respect to sanitary waste, sanitary wastes were deposited and compacted by a crawler cat or compactor in eight

foot lifts and daily covered with four inches of dirt. Respondent has no knowledge of current waste disposal methods at the site.

16. Provide narrative and documentary information as to any waste West Lake Landfill has ever had transported offsite, including but not limited to copies of:

16.1 Shipping manifests;

16.2 Shipping logs;

16.3 Receipts;

16.4 Weight tickets; and/or

16.5 Permits.

ANSWER:

In answering the foregoing, the following were consulted: Michael K. Luebbert and James J. Ohmes (each being identified in Answer to Request for Information No. 1).

To the best of Respondent's knowledge, information and belief, prior to July 29, 1988, no waste was ever transported off site by West Lake Companies except certain reusable, non-hazardous materials such as cardboard, paper and copper wire which were purchased by reclamation companies. Respondent has no knowledge as to whether subsequent to that date the current owners of Laidlaw Waste Systems (Bridgeton) Inc. have caused any waste to be transported off site.

17. Provide copies of any local, state or federal operating permits relating to waste production, storage, treatment or disposal at the site, including air, water, solid, or hazardous waste permits.

ANSWER:

As a result of the 1988 sale of West Lake Landfill, Inc. to Laidlaw Waste Systems Inc., West Lake Companies have no copies of, or information with regard to, permits related to landfill operations at the site. Permits related to quarry operation at the site are attached hereto as Exhibits 17-A through 17-D.

18. Has the landfill ever been closed or shut down for any period of time? If so, provide the dates and circumstances under which the landfill was closed.

ANSWER:

In answering the foregoing question, the following were consulted: Michael K. Luebbert, and James J. Ohmes (each being identified in Answer to Request for Information No. 1). Respondent has no knowledge of any dates or circumstances under which the landfill was closed, other than as a result of reaching the maximum elevation allowed under applicable permits.

19. Provide copies of the meeting minutes of the corporate directors' meetings, for all the years during which Respondent held an interest in or was affiliated with the site.

ANSWER:

Copies of all minutes of directors' meetings in the possession of the West Lake Companies relating to the business of Respondent are provided separately herewith as Exhibits 19-A through 19-D.

20. Do you have any knowledge of releases of hazardous wastes or hazardous constituents (see 40 C.F.R. Part 261, Appendix VIII) into the environment (air, surface water, groundwater, or soil) from the site at any time in the past or present? If yes, provide a complete description of each release, including but not limited to:

20.1 Location of release;

20.2 Waste or constituents released;

20.3 Quantities of release;

20.4 Date of release;

20.5 Cause of release;

20.6 Environmental impact of release;

20.7 Response actions taken; and

20.8 Measures taken to prevent the recurrence of release.

ANSWER:

According to the NRC Site Characterization Report, approximately 7900 metric tons of radioactively contaminated barium sulfate mixed with about 35,000 metric tons of soil were deposited at the West Lake Landfill in 1973. See NRC Site Characterization

104(e) Response of Rock Road Industries, Inc.

Page 24

Report, page ix (produced in response to Request for Information No. 14 as Exhibit 14-E). The NRC Site Characterization Report does not disclose the source of information for the statement regarding total tonnage of soil deposited, and Respondent has been unable to confirm such statement independently. The location in which the materials were deposited is set forth in Answer to Request for Information No. 21.

According to the NRC Summary Report, concentrations of Uranium-238, Radium-226, Radium-223, Lead-211, Lead-212, Potassium-40, and Thorium have been detected at the site. See NRC Summary Report, page 8 (produced in response to Request for Information No. 14 as Exhibit 14-D).

A small area adjacent to the site, owned by Ford Motor Credit Corporation, being part of its Earth City development, may have been exposed to contamination from radioactive materials deposited at the West Lake Landfill site due to the action of wind or surface water runoff, farm operation dispersion or other means. Testing conducted by Dames & Moore, St. Louis, Missouri, showed that the small area in question which may have been exposed to radioactive materials from the West Lake Landfill site had radiation levels which were indistinguishable from ambient radiation levels observed at nearby off-site locations. See Dames & Moore, Phase II Investigation Final Report (D&M Job No. 19943-002-045) (June 26, 1990), pages 11-12 (produced herewith as Exhibit 20-A). Mr. John Basilico of Ford Motor Credit Corporation has informed Mr. W. E. Whitaker, President of West Lake Quarry and Material Company, that further testing at the site owned by Ford Motor Credit Corporation yielded soil samples having radiation levels of between 60 pCi and 120 pCi and showed that the groundwater on the property owned by Ford Motor Credit has not been contaminated. To help avoid contamination to the tract owned by Ford Motor Credit Corporation, additional dirt has been placed on top of the berm separating the two tracts.

According to a Missouri Department of Natural Resources ("MDNR") Memorandum dated October 2, 1980, from Burt McCullough to Bob Schreiber (hereinafter the "Memorandum"), produced herewith as Exhibit 20-B, it was alleged by Burt McCullough of the MDNR that 4,000 tons of residues from the production of insecticides and herbicides were deposited in the landfill by Chevron Chemical Company, and that the following wastes were also placed in the landfill: waste ink, esters, halogenated intermediates, oils, heavy metals, pigments, alcohols, wastewater sludges, asbestos, oily sludges, insecticides, aromatics and herbicides. Furthermore, according to a letter dated October 31, 1977, from Bud Stein, St. Louis Regional Office, MDNR, to William Canney, West Lake Landfill, Inc. (hereinafter the "Letter"), a copy of which is produced

herewith as Exhibit 20-C, it was alleged that a "considerable amount of paint sludge in 55 gallon metal drums ha[s] been disposed of on the site." Respondent has no knowledge as to the truth of the assertions made in the Memorandum or in the Letter. The Annual Report dated January 1, 1987, of Confirmed Abandoned or Uncontrolled Hazardous Waste Disposal Sites in Missouri, published by the MDNR (hereinafter the "Annual Report"), lists the following wastes as having been disposed at the site: organics, inorganics, solvents, pesticides, heavy metals, acids, bases, plating wastes and radionuclides. See Annual Report, page 47, an excerpt of which is produced herewith as Exhibit 20-D. However, the Annual Report for Fiscal 1987 of Confirmed Abandoned or Uncontrolled Hazardous Waste Disposal Sites in Missouri (hereinafter the "Fiscal Report"), only lists radionuclides as having been disposed of at the site. See Fiscal Report, page 141 (an excerpt of which is attached hereto as Exhibit 20-E).

21. Provide a detailed description of the area where radioactive materials were deposited at West Lake Landfill, including a legal description.

ANSWER:

Radioactive materials were deposited on the following two tracts of land identified on Exhibit 21-A as Radioactive Areas 1 and 2, respectively:

Tract 1

A tract of land in part of U.S. Survey 131, Township 47 North, Range 5 East of the 5th Principal Meridian, St. Louis County, Missouri, described as follows:

Commencing at the intersection of the northwesterly line of U.S. Survey 131 and the southwesterly right of way line of Highway 40, also known as St. Charles Rock Road; thence South 43 degrees 53 minutes 31 seconds East, along said right of way line, a distance of 729.68 feet; thence South 40 degrees 49 minutes 32 seconds West, a distance of 92.54 feet to the Point of Beginning of the following described tract; thence continuing South 40 degrees 49 minutes 32 seconds West, a distance of 288.61 feet; thence South 89 degrees 29 minutes 50 seconds West, a distance of 241.41 feet; thence North 79 degrees 05 minutes 44 seconds West, a distance of 390.43 feet; thence North 29 degrees 48 minutes 55 seconds East, a distance of 499.73 feet; thence North 84 degrees 45 minutes 59 seconds East, a distance of 248.68 feet; thence South 32 degrees 24 minutes 17 seconds East, a

distance of 201.28 feet; thence South 56 degrees 18 minutes 22 seconds East, a distance of 251.78 feet to the Point of Beginning and containing 6.29 Acres.

Tract 2

A tract of land in part of Lot 20, of the St. Charles Ferry Company Tract in U.S. Survey 47 and 1934 and in part of U.S. Survey 47 Township 47 North, Range 5 East of the 5th Principal Meridian, St. Louis County, Missouri, described as follows:

Commencing at the intersection of the centerline of St. Charles Rock Road and the northwesterly line of Lot 20 of the St. Charles Ferry Company tract; thence North 28 degrees 53 minutes 11 seconds East, along said northwesterly line, a distance of 148.48 feet of the Point of Beginning of the following described tract; thence continuing North 28 degrees 53 minutes 11 seconds East, along said line, a distance of 676.08 feet to the northwest corner of said Lot 20; thence North 72 degrees 46 minutes 42 seconds West, along the northerly line of Lot 19 of the St. Charles Ferry Company tract, a distance of 674.79 feet; thence North 47 degrees 43 minutes 02 seconds East, a distance of 906.64 feet; thence South 64 degrees 46 minutes 52 seconds East, a distance of 389.58 feet; thence South 76 degrees 30 minutes 26 seconds East, a distance of 245.51 feet; thence South 60 degrees 07 minutes 01 seconds East, a distance of 283.36 feet; thence South 31 degrees 26 minutes 39 seconds West, a distance of 1136.42 feet; thence South 33 degrees 08 minutes 25 seconds West, a distance of 109.40 feet; thence South 34 degrees 54 minutes 38 seconds East, a distance of 149.81 feet; thence South 44 degrees 29 minutes 33 seconds West, a distance of 267.70 feet; thence North 78 degrees 25 minutes 41 seconds West, a distance of 241.02 feet; thence North 34 degrees 31 minutes 30 seconds West, a distance of 351.19 feet to the Point of Beginning and containing 28.09 Acres.

22. Describe in detail, the relationship between Respondent and the Cotter Corporation, regarding the disposal of hazardous substances at West Lake Landfill.

ANSWER:

Respondent has never had any relationship with Cotter Corporation.

23. Provide information describing the location and amount of radioactive waste disposed at West Lake Landfill. Provide information about the ownership of the radioactive waste before its disposal at the landfill.

ANSWER:

For the location of the radioactive materials at the West Lake Landfill site, see Answer to Request for Information No. 21.

According to the NRC Site Characterization Report, approximately 7900 metric tons of radioactively contaminated barium sulfate mixed with about 35,000 metric tons of soil were buried at the West Lake Landfill in 1973. See NRC Site Characterization Report, page ix (produced in response to Request for Information No. 14 as Exhibit 14-E). The NRC Site Characterization Report does not disclose the source of information for the statement regarding total tonnage of soil deposited, and Respondent has been unable to independently confirm such statement.

According to the NRC Summary Report, the owner of the radioactive materials is Cotter Corporation. See NRC Summary Report, page 1.

A history of the origin of the radioactive materials is produced herewith as Exhibits 23-A and 23-B.

24. With respect to all hazardous substances disposed at West Lake Landfill provide the following information:

24.1 Time period(s) over which each substance was disposed;

24.2 Quantity (weight and volume) of each substance disposed;

24.3 Nature and condition of any containers in which these wastes were placed before disposal;

24.4 Company name, address, and telephone number of each entity (individual, facility, generator, and/or transporter) offering these substances for disposal; and

24.5 Results of any sample analyses performed on these wastes before disposal.

ANSWER:

For the time period, quantity and transporter of the radioactive materials, see Answers to Requests for Information Nos. 20 and 23. Respondent is informed and believes that B & K Construction Company, the transporter of radioactive waste to the site, is no longer in business and that the radioactive materials were dumped at the site after having been mixed with dirt and were not placed in any containers. Respondent is not aware of any sample analyses having been performed prior to disposal.

Respondent does not know the time period during which any other hazardous substance, if any, was disposed of at the site, the quantity thereof, the nature or condition of any containers in which such wastes may have been placed prior to disposal, the names of any transporters to the site of such wastes, if any, or the results of any sample analyses performed on such wastes, if any, before disposal, other than the claims set forth in the documents referenced in paragraph (H) of the Answer to Request for Information No. 14 and in the last paragraph of the Answer to Request for Information No. 20.

25. Provide a list of all Federal, State and/or local permits with their respective numbers, contracts, licenses, or agreements which involved the disposal of hazardous substances and/or hazardous waste.

ANSWER:

Respondent's activities do not include the disposal of hazardous substances or hazardous waste. Respondent has no permits involving the disposal of such substances or such wastes.

26. Is Respondent covered by any type of liability insurance for sudden or non-sudden accidental releases of any hazardous substances or constituents or for any other liability resulting from your facility's handling of solvents, acids, metals or other hazardous substances? If so, please state:

26.1 The name and address of the insurer;

26.2 The number of the policy;

26.3 The effective dates of the policy;

26.4 The limits of liability; and

26.5 The name and address of the custodian of the policy.

ANSWER:

The question calls for a legal conclusion which Respondent is unable to make at this time. It appears unlikely, however, that the insurance policies provide such coverage based on specific pollution exclusion clauses contained in most of the policies. Copies of all policies which West Lake Companies have been able to locate at this time are attached to this response as Exhibits 26-A through 26-L.

27. If you are unable to obtain or provide any of the above information, please indicate the names and addresses of those individuals and/or corporations who would possess such information.

LAST WILL AND TESTAMENT

OF

VERTICE R. CRUSE

I, VERTICE R. CRUSE, a resident of the City of St. Louis, State of Missouri, being of sound and disposing mind and memory, do hereby make, publish and declare this instrument to be my Last Will and Testament, hereby revoking all wills and codicils heretofore made by me.

ITEM ONE: I direct that all of my just debts including the expenses of my last illness and funeral be paid out of my estate as soon after my decease as may be found convenient.

ITEM TWO: I give, devise, and bequeath to CATHERINE H. CRUSE, my wife, if she survives me, as her absolute property, all of my clothing, jewelry, books, pictures, articles of personal use or diversion, automobiles, gold and silver plate, household goods, provisions, furniture, furnishings and equipment (if I own any property of said description at my death); if my said wife does not survive me then said property, if any, shall be and become a part of the rest and residue of my estate.

ITEM THREE: I direct that there be paid from my estate to the Pastor or Acting Pastor of ~~OUR LADY OF MOUNT CASSIEL~~ PARISH located in the City of St. Louis, Missouri, provided I am living in said parish at the time of my death or if not then to the Pastor or Acting Pastor of whatever parish I am living in at the time of my death, the sum of One Thousand Dollars (\$1,000.00) to be used and applied as stipends or alms for as many low Masses to be said in memory of me and for the repose of my soul for which said sum is the customary offering. The receipt of whomsoever is Pastor or Acting Pastor of said parish at the time of the payment of this amount shall suffice for the purposes of my estate.

ITEM FOUR: If my wife CATHERINE H. CRUSE shall survive me, I give, devise and bequeath to CATHERINE H. CRUSE, my wife, EDWARD L. WIESE and MERCANTILE TRUST COMPANY, a Missouri corporation, and their successors, as Trustees, to hold and administer as a separate Trust in accordance with the provisions of this ITEM FOUR, an amount equal to the maximum marital deduction allowed with respect to my estate under the provisions of the Internal Revenue Code upon the basis of the value of my adjusted gross estate as finally determined for Federal Estate Tax purposes less the value of any property or interests in property qualifying for said marital deduction which pass or which have already passed to my said wife under any other provision of my will, by operation of law, or otherwise. The gift, devise and bequest made by this ITEM FOUR may be satisfied

FIRST PAGE OF MY WILL Vertice R. Cruse

Exhibit 7-B

either in cash or in kind, or both, as determined by my Executors, but exclusively from assets qualifying for said marital deduction. I fully realize that my Executors have the right to use an optional valuation date in determining the value of my adjusted gross estate for Federal Estate Tax purposes and that the exercise or non-exercise of such right will determine the amount of the gift, devise or bequest made by this ITEM FOUR.

(a) The entire income from the Trust created under this ITEM FOUR shall be paid to my said wife CATHERINE H. CRUSE in installments not less frequently than quarterly, as long as she shall live.

(b) Upon the death of my said wife the entire corpus remaining in the Trust created under this ITEM FOUR of my will shall be paid over, conveyed and distributed to such person or persons, or to the estate of my said wife, free from all trusts created hereunder, in such manner and in such proportions as my said wife may designate and appoint in and by her Last Will and Testament. Such power of appointment hereby conferred upon my said wife shall be exercisable by her alone and in all events.

(c) Upon the death of my said wife, in the event she shall default, in whole or in part, in the exercise of the power of appointment granted to her under the provisions of this ITEM FOUR of my will, the remaining unappointed corpus of the Trust created under this ITEM FOUR of my will shall be added to the Trust created under the provisions of ITEM SIX of my will, and shall be held, managed and distributed under and pursuant to the provisions of ITEM SIX of my will.

(d) If at any time, or from time to time, the income payable to my said wife under the provisions of this ITEM FOUR, together with all other income available to her, of which the Trustees shall have knowledge, shall be insufficient in the opinion of the Trustees acting jointly to provide adequately for her comfortable maintenance, support and welfare, taking into consideration the manner of living to which she shall have become accustomed and her station in life, then the Trustees may pay to my said wife out of the corpus of the Trust created under this ITEM FOUR such sum or sums as said Trustees shall deem advisable for such purposes, and the judgment of said Trustees as to the propriety and amount of any such encroachments upon the corpus of such Trust shall be binding and conclusive upon all persons whomsoever. It is my desire that the welfare of my said wife to the extent that she is to have every reasonable care and support for the purposes stated is to be preferred to preserving the corpus of the Trust.

(e) At the death of my said wife any undistributed income of the Trust created under this ITEM FOUR shall be considered to be a part of and be distributed to the estate of my said wife.

(f) The right of my said wife to all income from the Trust created under this ITEM FOUR shall not be subject to assignment, alienation, pledge, attachment or claims of creditors.

(g) The Trustees shall have such other powers and duties as are set out in ITEM SEVEN hereof.

ITEM FIVE: I direct my Executors to pay, out of the rest, residue and remainder of my estate, all estate taxes, inheritance taxes and succession duties assessed by the United States, any state thereof, or any foreign government against my estate, predicated upon my death as the taxable event, including but not by way of limitation, any insurance policies, joint property, tenancies by the entirety, trusts, gifts, or appointive property which may be included as a part of my estate for tax purposes, or against any gift, devise or bequest; in no event shall any of such taxes and duties be paid out of the amount to be held and administered as a separate Trust in accordance with the provisions of ITEM FOUR hereof. Such taxes and succession duties as my Executors are hereby directed to pay shall not be charged against or deducted from any such gift, devise or bequest upon or by reason of which such taxes are assessed and paid and shall not be collected from or charged to the beneficiary or beneficiaries of any such insurance policy or policies or the owner or recipient of any property included as a part of my estate for tax purposes. My Executors shall not, however, be charged with the payment of any Missouri inheritance tax which cannot be determined finally as of the date of my death.

ITEM SIX: All the rest, residue and remainder of my estate, real and personal, of whatsoever nature and wheresoever situate, which I may own or have the right to dispose of at the time of my decease, and whether acquired before or after the execution of this will, I give, devise and bequeath to CATHERINE H. CRUSE, my wife, EDWARD L. WIESE and MERCANTILE TRUST COMPANY, a Missouri corporation, and their successors, as Trustees, to hold and administer as a separate Trust or separate trusts, as the case may be, in accordance with the provisions of this ITEM SIX.

(a) The net income from the Trust created under this ITEM SIX shall be paid to my said wife CATHERINE H. CRUSE, at least annually, and, so far as practicable, by approximately equal monthly or other convenient installments during each year, as long as she shall live.

I hereby authorize the Trustees to encroach upon the corpus of the Trust created under this ITEM SIX for the purpose of reasonable care, maintenance and support of my wife CATHERINE H. CRUSE in a standard of living to which she has been accustomed, if this becomes necessary in the opinion of the Trustees, or to provide against any emergency which may arise affecting her, occasioned by sickness, accident, ill health, affliction, misfortune or otherwise, and the Trustees may make such encroachments from time to time and in such amounts as they may consider reasonable and necessary under the circumstances for the purposes stated; provided that my wife shall not participate in any decision as to encroachment for her benefit. In determining the necessity for any such encroachment, consideration shall be given to the separate property, if any, owned by my said wife and any income reasonably available to her from sources other than the Trust created under this ITEM SIX. Encroachments on corpus need not be made good out of later income accruing to my said wife or to said Trust. It is my desire that the welfare of my said wife to the extent that she is to have every reasonable care and support for the purposes stated is to be preferred to preserving the corpus of the Trust.

(b) My said wife shall have the right, by request in writing to the Trustees, to withdraw from the corpus of the Trust created under this ITEM SIX, in each calendar year during her lifetime five per cent (5%) of the aggregate value of the corpus of said Trust at December 15 of such year without reduction for the corpus withdrawal made or requested for such year; such withdrawal may be at one time or from time to time during each year and shall not be cumulative so that if withdrawal is not made during a particular calendar year for the full amount subject to withdrawal for that calendar year, the right to make such withdrawal shall lapse and become of no force and effect as of the close of that calendar year.

(c) Upon and after the death of my said wife, the Trust created under this ITEM SIX shall be held, administered or distributed, as the case may be, in accordance with the following provisions:

(1) One Hundred Sixty Thousand Dollars (\$160,000.00) thereof, in cash or securities or both at their fair value as determined by my Trustees and any such determination made in good faith shall be binding on all concerned, or in the event said Trust shall then be less than One Hundred Sixty Thousand Dollars (\$160,000.00) at its fair value, then all of said Trust shall be first set aside and shall be held, administered or distributed, as the case may be, in accordance with the following provisions:

A. One Hundred Thousand Dollars (\$100,000.00) thereof in cash or securities or both at their fair value as

determined by the Trustees shall be held in a separate trust for the benefit of my brother REX G. CRUSE. So long as my said brother REX G. CRUSE shall live, the Trustees shall pay over to my said brother, for and during his life, the sum of Five Hundred Dollars (\$500.00) per month, using first the income of said trust assets, and if that be not sufficient then part or all of the corpus thereof. Any net income of said trust assets in excess of the Five Hundred Dollars (\$500.00) per month required to be paid to my said brother shall be added at the end of each year to the corpus of said separate trust. Upon and after the death of my said brother, the trust estate shall terminate, and both corpus and accrued and undistributed net income thereof shall be paid over, free from trust, to the ROMAN CATHOLIC ARCHBISHOP OF THE ARCHDIOCESE OF ST. LOUIS for charitable purposes in the State of Missouri of his approval; the receipt of whomsoever is Archbishop or Canonical Administrator of the Archdiocese of St. Louis at the time of said payment shall be sufficient for the purposes of said trust.

B. Fifty Thousand Dollars (\$50,000.00) thereof in cash or securities or both at their fair value as determined by the Trustees shall be held in a separate trust for the benefit of MARGARET GRADY, a cousin of my wife CATHERINE H. CRUSE. So long as said MARGARET GRADY shall live, the Trustees shall pay over to said MARGARET GRADY, for and during her life, the sum of Five Hundred Dollars (\$500.00) per month, using first the income of said trust assets, and if that be not sufficient, then part or all of the corpus thereof. Any net income of said trust assets in excess of the Five Hundred Dollars (\$500.00) per month required to be paid to said MARGARET GRADY shall be added at the end of each year to the corpus of said separate trust. Upon and after the death of said MARGARET GRADY, the trust estate shall terminate, and both corpus and accrued and undistributed net income thereof shall be paid over, free from trust, to the ROMAN CATHOLIC ARCHBISHOP OF THE ARCHDIOCESE OF ST. LOUIS for charitable purposes in the State of Missouri of his approval; the receipt of whomsoever is Archbishop or Canonical Administrator of the Archdiocese of St. Louis at the time of said payment shall be sufficient for the purposes of said trust.

C. Five Thousand Dollars (\$5,000.00) thereof shall be paid, free from trust, to my brother CECIL E. CRUSE; provided, that in the event my said brother shall not then be living then this provision shall automatically terminate and become of no force and effect.

D. Five Thousand Dollars (\$5,000.00) thereof shall be paid, free from trust, in parts of One Thousand Dollars (\$1,000.00) each to the following named nieces and nephews of mine, SANDRA CRUSE, GAYNELL CRUSE, WILLIAM J. HART, RAELENE C. HART and ROBERT L. HART; provided, that in the event

any of said above-named nieces and nephews of mine are not then living, then the respective provision to each such deceased niece or nephew shall automatically terminate and be of no force and effect.

E. In the event the amount first set aside under this subsection (1) of section (c) of ITEM SIX of this my Last Will and Testament shall be less than One Hundred and Sixty Thousand Dollars (\$160,000.00), then each and all of the amounts provided in subsections A, B, C and D just hereinabove shall be pro rata reduced so that the amounts thereof will bear the same proportions to the total actually available as the original amounts bore to One Hundred Sixty Thousand Dollars (\$160,000.00).

(2) All of the balance of said Trust after provision for the amount provided in subsection (1) of this section (c) of ITEM SIX together with such additional, if any, amounts as may become available by reason of the death of one or more of the persons named in subsections C and D of section (1) of this section (c) shall be paid, free from trust, to the ROMAN CATHOLIC ARCHBISHOP OF THE ARCHDIOCESE OF ST. LOUIS for charitable purposes in the State of Missouri of his approval; the receipt of whomsoever is Archbishop or Canonical Administrator of the Archdiocese of St. Louis at the time of the payment of this legacy shall be sufficient for the purposes of this Trust.

(d) Neither the corpus nor the income of any trust herein created shall be liable for the debts of any beneficiary thereof, nor shall the same be subject to seizure by any creditor of any beneficiary under any writ or proceeding at law or in equity, and no beneficiary shall have any power to sell, assign, transfer, encumber or in any other manner to anticipate or dispose of his or her interest in the trust or the income produced thereby.

(e) During the term of any trust hereunder if at any time, or from time to time, it shall appear to the satisfaction of the Trustees that my wife or any income beneficiary of said trust has become disabled, either mentally or physically, by illness, other infirmity or accident, to such an extent that said beneficiary is unable to receive income or corpus otherwise payable hereunder to said respective beneficiary and use the same for his or her best interest and welfare, then during each such period of disability the income, and in the event of encroachment, also corpus, otherwise payable hereunder to said respective beneficiary, shall be used and applied by the Trustees (without the intervention of a curator or guardian) for the care, welfare and comfort of said respective beneficiary, in such manner and to such extent as the Trustees deem to be for the best interest and welfare of such respective beneficiary, and any income not applied as aforesaid shall be paid to said respective beneficiary upon

resumption of direct payments of income to said beneficiary, or if such direct payments of income be not resumed, then such income shall be distributed as herein provided for undistributed income at the death of such beneficiary.

(f) The Trustees shall have full power to determine whether any money or other property coming into their hands concerning which there may be any doubt shall be considered as a part of the corpus or income of the trust and to apportion between such corpus and income any loss or expenditure in connection with the trust as to them may seem just and equitable.

The Trustees shall apply the entire net income of all securities at any time held hereunder to the use of the beneficiary for whom they are held, irrespective of the price paid for them, it being intended that the Trustees shall not, out of income, amortize premiums paid for securities nor make additions to income because of the purchase of securities at a discount.

(g) The Trustees shall have such other powers and duties as are set out in ITEM SEVEN hereof.

ITEM SEVEN: The following powers shall be applicable separately to each of the trusts created hereby, to-wit:

(a) The Trustees shall have full power and authority to manage and control the trust and they may invest and reinvest all or any part of the trust in such stocks, common and/or preferred, debentures, shares or participations in any common funds, bonds, notes, securities or other property, real or personal, domestic or foreign, whether of the class or kind now or hereafter ordinarily approved or held to be lawful for the investment of trust funds or not, as they may in their absolute discretion select, and they may make and change such investments from time to time according to their discretion and may sell, exchange, lease (for terms extending beyond the termination of the trust or otherwise), grant options, rent, assign, transfer or otherwise dispose of all or any part thereof, upon such terms and conditions as they may see fit. The Trustees shall have power to continue to hold any stocks, securities or other property which they may receive or acquire hereunder and are authorized to retain as investments, without regard to diversification and without liability for loss in so doing, any such stocks, securities or other property so received or so acquired, (specifically including but not by way of limitation any and all stock or other securities issued by West Lake Quarry and Material Company, West Lake Ready Mix Co., and West Lake Landfill, Inc., all Missouri corporations, or any of them) even though such stocks, securities or other property may at any time constitute a disproportionate amount or all of the trust, and without incurring any liability on account of such retention. The Trustees may invest any part of the trust in property located outside of the State of Missouri.

The Trustees shall have power and authority to purchase improved real property, whether or not same is encumbered, and if encumbered regardless of the amount thereof, such purchase to be only for cash; they shall have power to operate, manage and maintain any such real property, buildings or other improvements and to refinance encumbrances thereon. The Trustees may alter, repair, remodel, reconstruct or wreck and remove improvements on real property and may build new improvements.

(b) The powers, rights, obligations, duties, discretions, privileges and immunities herein granted to the Trustees shall not be restricted, limited or affected by reason of the fact that any Trustee or Trustees hereunder may now or in the future be acting in a fiduciary or representative capacity for any person, firm, corporation, trust, estate or other entity with whom or which the Trustees hereunder may desire to effect transactions or have dealings and said fact shall not disqualify or render unable to act any Trustee hereunder in any such matter.

(c) The Trustees shall have power and authority to form or cause to be formed a corporation or corporations under any appropriate laws and to transfer and convey all or any part of the trust to any such corporation or corporations in payment for all or any part of the stock or securities thereof or otherwise. The Trustees shall be authorized to vote or cause to be voted any stocks or other securities held by the trust for election of any individual Trustee or any officer or employee of a corporate Trustee as directors or officers of any corporation in which the trust shall hold securities, regardless of whether said office is with or without salary or emoluments.

(d) The Trustees shall have power to exercise all voting and other rights of whatsoever nature pertaining to securities and to grant proxies, discretionary or otherwise, in respect thereof. The Trustees are authorized in their sole discretion to register and hold title to any or all property of the trust, either in their own name or in the name of a nominee or nominees or in the name of a corporate Trustee, without revealing the existence of the trust.

Should any corporation in which the trust holds stock or other securities at any time offer or propose to reorganize or to consolidate or merge with another corporation or corporations, or offer exchange of its shares, or in any manner alter, change, enlarge, curtail or amend its organization, its charter powers, or its financial structure, then in any such event and from time to time the trust, through its Trustees, may exercise any choice, option, right or privilege by way of vote, subscription, exchange or otherwise, including the exercise of any rights or privileges extended to the stockholders or other security holders of such corporation, to

participate to such extent as said Trustees may deem advantageous to the trust, and may do any and all such things in connection therewith as may be convenient or necessary and to the best interests of the trust in the opinion of said Trustees.

(e) Except as specifically provided as to the Trust created under ITEM FOUR of this my will, at the death of any beneficiary hereunder any accrued net income and undistributed net income of his or her separate trust shall go to the next estate as income unless such separate trust terminates upon the death of such beneficiary, in which event said accrued and undistributed net income shall be distributed as a part of the corpus of such separate trust.

(f) The Trustees shall have full power to litigate, compromise, adjust and settle all claims arising out of or in connection with the trust property.

(g) The Trustees are authorized, whenever there shall be a division or distribution of any property or trust estate hereunder, or any part thereof, to make such division or distribution in kind or in money, or partly in kind and partly in money, and in setting up any part of any property or trust for administration, as a separate trust or otherwise, the Trustees may allot to such part or separate trust specific securities or other property, real or personal, or undivided interests in such property, and shall determine the value of the property allocated as aforesaid, and all decisions by and acts of the Trustees, made in good faith, in selecting and evaluating assets or undivided interests therein, as above provided, shall be conclusive and binding on all parties in interest.

(h) The Trustees hereunder shall receive compensation for their services according to the schedule of fees of MERCANTILE TRUST COMPANY in effect at the date of the execution hereof.

(i) In the event of the death, resignation, inability or refusal to act of CATHERINE H. CRUSE as one of the individual Trustees, then my brother REX G. CRUSE shall act as an individual Trustee in her place and stead, and in the event of a further vacancy on account of the death, resignation, inability or refusal to act of my said brother, then the position of said individual Trustee shall be vacated. In the event of the death, resignation, inability or refusal to act of EDWARD L. WIESE as an individual Trustee, the position of said individual Trustee shall be vacated. In the event both positions of individual Trustees shall be vacated then MERCANTILE TRUST COMPANY shall act as sole Trustee. Every successor Trustee and the sole Trustee shall automatically be vested with the same rights, powers and immunities as herein conferred upon my originally named three (3) Trustees, all with the same force and effect as if that successor Trustee or said sole Trustee had been originally named as Trustees or Trustee hereunder.

In case said MERCHANTILE TRUST COMPANY, named herein as corporate Co-Trustee or sole Trustee, or any other corporate Trustee hereunder, should at any time resign, be disqualified or unable or unwilling to act as such corporate Co-Trustee or sole Trustee, a successor corporate Trustee to act as Co-Trustee or sole Trustee, as the case may be, shall be selected and designated in writing by the individual Trustees or Trustee then acting, but if there be no individual Trustee then acting, then said successor corporate Trustee shall be selected and designated in writing by my wife, if she then be entitled to receive the income from the trust, but if she be not then entitled to said income, such successor corporate Trustee shall be so designated by all of the beneficiaries then entitled to the income who are sui juris and competent to act, and if there be no such beneficiaries, then by the corporate Trustee which is to be so replaced. Such written selection and designation shall in each case be deemed sufficient if the writing evidencing the same be delivered to the successor corporate Trustee so designated.

Resignation or refusal to act of any Trustee herein may be evidenced by a writing signed by such Trustee and acknowledged in the same manner as deeds of real estate are required to be acknowledged by the law in effect in Missouri at that time, and delivered to the other Co-Trustees or Co-Trustee, or if there be none, then said resignation may be filed for record in the office of the Recorder of Deeds of the City of St. Louis.

ITEM EIGHT: No person or corporation named herein as Trustee or Co-Trustee in any trust under this will, or named as Executor or Co-Executor of this will, shall be required to give bond as such, but, if bond for any reason shall nevertheless be required by a proper court, the cost of such bond shall be paid out of said trust or out of my estate, as the case may be.

No person or corporation acting as such Trustee or Co-Trustee, or acting as Executor or Co-Executor of this will, shall at any time be held liable for mistake of law or of fact, or of both law and fact, or errors of judgment, nor for any loss coming to said estate or to any beneficiary hereunder, or to any other person, except through actual fraud or willful misconduct on the part of the Trustee or Executor to be charged. If this provision shall be held invalid as to any class of persons or instances, such fact shall not impair its application to all other classes of persons and instances.

Every action taken by the Trustees pursuant to the powers conferred hereby, or any decision made by the Trustees in the exercise of the discretion herein given to them, shall be conclusive and binding upon all persons concerned therein or affected thereby.

ITEM NINE: I hereby direct that the provisions herein made for my wife CATHERINE H. CRUSE shall be in lieu and in full satisfaction of and not in addition to exempt property, homestead allowance, property by right of descent, and every right, property, interest, estate or allowance, statutory or otherwise, to which my said wife might otherwise be entitled excepting only her statutory right to a reasonable allowance for maintenance during the period of one (1) year after my death; in the event my said wife should renounce my will or elect to take in contravention thereof, then from and after the date of such renunciation or election to take in contravention thereof, all of her rights in the Trusts created under the provisions of ITEMS FOUR and SIX of this my will shall cease and said trusts shall thereafter be administered, held, managed and distributed in all respects as if my said wife had died without in any way exercising the power of appointment given her under the provisions of ITEM FOUR of this my will.

ITEM TEN: I hereby nominate, constitute and appoint CATHERINE H. CRUSE, my wife, and EDWARD L. WIESE as Executors of this my Last Will and Testament; in the event that my said wife shall die, resign, be disqualified or unable or unwilling to act as such Co-Executor, then I nominate, constitute and appoint MONSIGNOR ROLAND GANNON, now Treasurer of the Archdiocese of St. Louis, provided he is Treasurer of said Archdiocese at the time of my death, and in the event he is not Treasurer of the Archdiocese of St. Louis at the time of my death, then the successor to my wife as Co-Executor shall be the then Treasurer of the Archdiocese of St. Louis. In the event that EDWARD L. WIESE shall die, resign, be disqualified or unable or unwilling to act as Co-Executor, then I nominate, constitute and appoint my brother REX G. CRUSE to act as Co-Executor in his place and stead, and in the event my said brother shall also die, resign, be disqualified or unable or unwilling to act as such Co-Executor, then I nominate, constitute and appoint MERCANTILE TRUST COMPANY, a Missouri corporation, as Co-Executor in his place and stead. I direct that no bond shall be required of any person or corporation named as Executor or Co-Executor of this my will.

I authorize my Executors, in their discretion, to retain any stocks, securities or other property which I may own at the time of my death, without regard to the requirements of diversification and without incurring any liability on account of such retention, and to make final distribution of my estate in cash or in kind, or both, in their sole discretion.

I authorize and empower my Executors to distribute, at any time and from time to time during the administration of my estate in the Probate Court, all or any part of the net income thereof direct to the beneficiary or beneficiaries of the separate trusts who would be then entitled thereto if said trusts had at the time of any such distribution been set up and all of my residuary estate distributed as hereinbefore

provided, such distribution of net income to be made at such time and in such amounts as my Executors, in their sole discretion, shall deem fit and proper.

IN WITNESS WHEREOF, I have hereunto set my hand to this my Last Will and Testament, consisting of twelve (12) typewritten pages, each bearing my signature, at the City of St. Louis, Missouri, this day of , 1963.

Vertice R. Cruse (SEAL)

We, the undersigned, do hereby certify that VERTICE R. CRUSE, the above named Testator, on the day and year above written signed the foregoing instrument in our presence, and published and declared the same to be his Last Will and Testament; and we, at the same time, at his request, in his presence, and in the presence of each other have hereunto set our hands as attesting witnesses, and we further certify that at said time he was of sound and disposing mind and memory.

Last Will and Testament

OF

CATHERINE H. CRUSE

I, CATHERINE H. CRUSE, a Widow not since remarried, presently residing in the City of St. Louis, State of Missouri, being of sound mind and memory, do make, publish and declare this instrument to be my Last Will and Testament, and I do hereby revoke any and all former Wills and Codicils heretofore made by me.

ARTICLE I

I direct my Executor to pay all of my just debts including the expenses of my last illness, funeral and burial.

ARTICLE II

I hereby confirm the ownership by survivorship and beneficiary designation of certain insurance and other property which I have made payable to certain persons as beneficiary or joint owner with a right of survivorship.

ARTICLE III

I give and bequeath to my Cousin, MARY SCHWENINGER, if she survives me, all of my tangible personal property, including specifically, without thereby limiting the generality of the foregoing description, all of my clothing, household equipment, consumable stores, jewelry, art objects, furniture, furnishings, books, automobiles, and other similar items of personal and domestic use or ornament (but not including money, securities or the like), together with the insurance thereon. If MARY SCHWENINGER should fail to survive me, I give and bequeath such tangible personal property to THE SOCIETY FOR THE PROPAGATION OF THE FAITH, ARCHDIOCESE OF ST. LOUIS.

ARTICLE IV

A. I give and bequeath the sum of FIFTY THOUSAND DOLLARS (\$50,000.00) to my Cousin, MARY SCHWENINGER, if she survives me.

Exhibit 7-c

In the event the said MARY SCHWENINGER does not survive me as determined by the provisions of this, my Last Will and Testament, I give and bequeath this sum of FIFTY THOUSAND DOLLARS (\$50,000.00 to the brothers and sisters of the said MARY SCHWENINGER, in equal shares, who survive me as determined by the provisions of this, my Last Will and Testament, or all to the survivor thereof if but one survives me. In the event no brother or sister of the said MARY SCHWENINGER survives me as determined by the provisions of this, my Last Will and Testament, this legacy shall lapse.

B. I give and bequeath the sum of THIRTY THOUSAND DOLLARS (\$30,000.00) to WILLIAM J. McCULLOUGH, if he survives me.

C. I give and bequeath the sum of FIVE THOUSAND DOLLARS (\$5,000.00) to CATHERINE QUIBEL, if she survives me.

ARTICLE V

I have been granted a general testamentary power of appointment by ITEM FOUR (b) of the Last Will and Testament of my late husband, VERTICE R. CRUSE, who died on June 27, 1972, after executing his Will on April 23, 1963. I hereby declare that this Will is my "Last Will and Testament," that I intend to exercise said power of appointment, and that the language of Article VI hereof (and, to the extent necessary, Article IV hereof) shall constitute an exercise of such power of appointment. Nothing herein shall be deemed to be an exercise of any power of appointment or power of withdrawal under ITEM SIX or any other portion of my late Husband's Will.

ARTICLE VI

I give, devise and bequeath all the rest, residue and remainder of my property (real, personal and mixed), tangible or intangible, wheresoever situated, which I may own at the time of my death, or have the power to appoint, including any lapsed, void or ineffective legacies (hereinafter called the Residue) in equal shares to:

A. The LITTLE SISTERS OF THE POOR, a Missouri corporation, for its general charitable purposes.

B. THE SOCIETY FOR THE PROPAGATION OF THE FAITH, ARCHDIOCESE OF ST. LOUIS, a Missouri corporation, for its general charitable purposes.

C. THE SHRINE OF ST. JUDE, in Chicago, Illinois, for its general charitable purposes.

D. CARDINAL GLENNON MEMORIAL HOSPITAL FOR CHILDREN, St. Louis, Missouri, for its general charitable purposes.

If any one or more of these beneficiaries should fail to qualify as a charitable legatee, bequests to which are exempt from Federal Estate Tax, the entire Residue shall go to the others, but if all of such beneficiaries should so fail to qualify, the Residue shall pass to one or more charities selected by my Executor which do so qualify, preferably as similar as possible to the four I have named. I should be pleased if each such beneficiary would appropriately identify a fund, building, equipment, or other item as a perpetual memorial to VERTICE R. and CATHERINE H. CRUSE.

ARTICLE VII

I direct my Executor to pay (without right of reimbursement) any estate, inheritance, succession, legacy and transfer taxes (including any interest and penalties thereon) which shall be lawfully levied, assessed, or imposed as a result of my death by the United States of America, any state, sovereignty, or taxing power (including any foreign taxing authority) against my estate or any part thereof or against any beneficiary of any of my gifts, bequests, devises, transfers, trusts, insurance and annuity policies, powers of appointment, property appointed or property of which I may be a joint owner. None of such taxes shall be charged against any such beneficiary, survivor, donee, benefaction or trust.

ARTICLE VIII

No beneficiary hereunder shall be deemed to have survived me unless such beneficiary survives me by thirty (30) days.

ARTICLE IX

I hereby nominate, constitute and appoint as Executors of this, my Last Will and Testament, WILLIAM J. McCULLOUGH and JACK J. SCHWARTZ, who are to serve jointly. If either the said WILLIAM J. McCULLOUGH or the said JACK J. SCHWARTZ shall die, or shall fail or refuse or be disqualified to act, or to continue to act, for any reason whatsoever, or shall resign, it shall not be necessary that a successor be appointed and the remaining individual shall serve as sole Executor. I direct that any and all Executors I have named herein shall not be required to give bond or other undertaking to insure the faithful performance of their duties. My Executors or Executor shall have power and authority, without application to or authorization of any Court, to:

A. Sell any assets of my estate at such prices and upon such other terms and conditions and to such person, firm or corporation as my Executors or Executor shall deem appropriate.

B. Transfer to MARY SCHWENINGER, without awaiting the thirty (30) days' survivorship, the custody of any tangible personal property which is hers under the terms of this Will.

C. Hold and retain, without any liability for any decrease in value, any assets of my estate in the form in which they shall be at the time of my death.

D. Take advantage of any election or option granted by the probate or tax laws, even though the total tax bill may thereby be increased or certain beneficial interests in property may thereby be shifted; any such determination shall be final and binding upon all beneficiaries hereunder and all persons whomsoever, and no compensating adjustment shall be made between income and principal, nor for or against any beneficial interest.

E. Allocate expenses and disbursements against principal or income (or particular types of income), and accumulate and add to principal such undistributed income as my Executors or Executor may elect.

F. Exercise such other powers and authority as may be required for a speedy, economical and effective probate administration.

IN WITNESS WHEREOF, I have hereunto subscribed my hand and seal to this, my Last Will and Testament, and each of its five (5) pages, in the presence of the subscribing witnesses at St. Louis, Missouri, on this 8th day of February, 1978.

GENERAL WARRANTY DEED

This Deed made and entered into this 29th day of July, 1988, by and between John L. May Archbishop of St. Louis, in his capacity as Archbishop of St. Louis and not individually ("Archbishop"), 4445 Lindell Boulevard, St. Louis, Missouri 63108, of the City of St. Louis, State of Missouri, The Shrine of St. Jude (a/k/a St. Jude League) (the "Shrine"), a corporation, 205 West Monroe Street, Chicago, Illinois 60606, of the County of Cook, State of Illinois, and The Society for the Propagation of the Faith, Archdiocese of St. Louis (the "Society"), a corporation, 4140 Lindell Boulevard, St. Louis, Missouri 63108, of the City of St. Louis and State of Missouri (Archbishop, the Shrine and the Society being herein collectively called "Grantors") and West Lake Landfill, Inc., a corporation, 1838 North Broadway, St. Louis, Missouri 63102, of the City of St. Louis, State of Missouri (herein called "Grantee").

WITNESSETH, that Grantors, for and in consideration of the sum of One Dollar (\$1.00) and other valuable consideration, the receipt of which is hereby acknowledged by Grantors, do by these presents GRANT, BARGAIN AND SELL, CONVEY AND CONFIRM unto Grantee the following described Real Estate situated in the County of St. Louis and State of Missouri, to-wit: an aggregate undivided one-half (1/2) interest in that Real Estate (Archbishop conveying his 49.62% interest, the Shrine conveying its 25.19% interest and the Society conveying its 25.19% interest in such undivided one-half (1/2) interest) more particularly described in Exhibit A attached hereto and incorporated herein by this reference, excluding, however, that real property described in Exhibit B attached hereto and incorporated herein by this reference; subject to all conditions, easements, encumbrances and other matters of record, to the rights of persons in possession of said Real Estate, to discrepancies or conflicts in boundary lines or shortages in area and any encroachment or overlapping of improvements, to easements or claims thereof which are not disclosed by the public record, to any lien or right to lien for services, labor or material granted by law and not shown by the public record, and to leases, whether or not disclosed by the public record, including that certain Lease dated June 30, 1971 between Vertice R. Cruse and Catherine H. Cruse, his wife, and Lillian E. Trump, as lessors, and West Lake Quarry and Material Company, as lessee, a memorandum of which Lease is recorded at Book 6527, Page 141 in the records of the Recorder of Deeds of St. Louis County, Missouri.

TO HAVE AND TO HOLD the same, together with all rights and appurtenances to the same belonging unto Grantee and its successors and assigns forever.

Exhibit 7-J

Grantors severally covenant that the respective Grantors and Grantors' respective successors shall and will WARRANT AND DEFEND the title to the premises unto Grantee and unto Grantee's successors and assigns against the lawful claims of all persons whomsoever, excepting, however, the general taxes for the calendar year 1988 and thereafter, and special taxes becoming a lien after the date of this Deed.

IN WITNESS WHEREOF, Grantors have caused these presents to be signed and sealed as of the day and year first above set forth.

PRELIMINARY DRAFT

RESERVE ANALYSIS OF
QUARRY PROPERTIES

West Lake Companies
St. Louis, Missouri

Prepared by:

DUNN GEOSCIENCE CORPORATION
5 Northway Lane North
Latham, New York 12110

Date:

February 16, 1982

1.0 CONCLUSIONS

- 1.1 The reserve evaluations presented in this report are based on data available at the time of the study. We should make it clear that the West Lake properties have not been sufficiently drilled or tested to make precise estimates of total reserves nor is there sufficient information available for detailed operational planning. However, the information available is sufficient to make approximations of reserves which allow estimates of probable economic life of the operations.
- 1.2 The two parameters which may require elaboration at some future date are overburden thicknesses and the number and distribution of solution cavities. The erratic patterns of both of these features make their precise definition an impossibility under current financial limitations.
- 1.3 The basis of all estimates are stated so that experienced engineers or geologists may evaluate the figures in light of their own experience.
- 1.4 Subject to the above conditions and specific limitations for each property as discussed in the text, DGC's estimated mineable reserves of the West Lake properties are:

No. 1 Quarry	72,000,000 tons
No. 2 Quarry	9,000,000 tons
Grays Point Quarry	289,000,000 tons
Neelys Landing Quarry	79,000,000 tons
Barnhart Quarry	208,000,000 tons
✓ Kansas -	8,000,000 tons
Golden Eagle -	106,000,000 tons
Red Rock -	66,000,000 tons
✓ Franklin County -	14,000,000 tons
✓ Little Rock	0 -
Nebraska	5,000,000 tons
✓ Vigus -	0 -
✓ Graveyard Hollow	104,000,000 tons

2.0 INTRODUCTION

2.1 Project Initiation and Personnel

Mr. George M. Banino of DGC met with Mr. W.L. Wittenberg, Director of West Lake Quarry and Materials, Co., Inc. on September 2, 1981 and at Mr. Wittenberg's request submitted an outline dated September 9, 1981 for a scope of service for an evaluation of the mineral reserves of properties

owned or leased by West Lake. A proposal for this work was submitted on September 30, 1981, and accepted by West Lake in a letter from Mr. Wittenberg dated November 3, 1981. Work was initiated on the project on November 1, 1981. The study was done under the direction of Mr. George M. Banino, Vice President. Field work was done by W. Edwin Dill, Jr. Geological analysis and project management assistance were provided by James R. Dunn, Chairman. Mr. William E. Cutcliffe, President, served as Project Advisor.

2.2 Purpose of Reserve Study

This study was to provide West Lake with sufficient information about the extent of stone reserves controlled by West Lake to allow a valid assessment of offers to purchase the West Lake Companies by prospective purchasers. The reserve figures are also intended to give prospective purchasers a basis for evaluation of the properties.

2.3 Conditions of Reserve Study

The mineral reserve study is subject to the following conditions:

No responsibility is assumed for matters legal in character, nor is any opinion rendered as to title to lands or to mineral leases.

While data which has been supplied by West Lake have been checked where possible within the limitations of this study, no responsibility is assumed for the accuracy of the supplied data. To the best of our knowledge and belief, the statements and opinions contained in the report are supportable, subject to the qualifications of the disclaimer clause.

The fee received by Dunn Geoscience Corporation for this assignment is in no manner contingent upon the estimate of the quantity or quality of the reserves reported.

Dunn Geoscience Corporation has no present nor future contemplated financial interest in any West Lake holding.

2.3.1 Disclaimer

All determinations of stone quality, reserves, rock stratigraphy, property boundaries, acreage, topography and land ownership, are based upon data obtained by Dunn Geoscience Corporation from various public officials, from employees of

West Lake Company, and from other public and private sources. The sources of information for each property are summarized in each section of the report, as appropriate, and copies of many verifying documents are included in the appendix. Additional documentation is contained in a reference file maintained at the main office of West Lake Quarry and Materials, Inc. The information received has been checked for internal consistency and checked by field observations wherever possible. However, because DGC did very little of the original data-gathering, we cannot vouch for its accuracy.

3.0 SCOPE OF STUDY

This study is intended to determine the extent, quality and configuration of the stone reserves located within certain properties controlled, either in fee or by lease, by West Lake. The determination of reserves is largely limited to interpretation of existing available data. Drilling was done on only one property and no new topographic mapping or physical or chemical analyses were made. The reserve tonnages stated should be considered conservative. The study has evaluated reserves for each property only sufficiently to be able to determine the probable economic life of each operation.

4.0 METHOD OF STUDY

Basic information on the geology of the various sites was accumulated from published and unpublished sources. The personnel of the various state geological surveys were contacted and, in some cases, field consultations were held. Various individuals knowledgeable in the geology of the various areas and/or the crushed stone industry were interviewed. West Lake personnel also provided input. Base maps were prepared from U.S. Geological Survey 7.5' series topographic maps on which appropriate property lines were located. Where available, geology was superimposed on these base maps. Aerial photographs were also used for locating features such as quarry faces. Each property was visited and pertinent information noted. Three NX diamond core holes were drilled on the Barnhart property.

Cross sections were constructed where necessary. Estimates of the mineable areas, thickness and extent of overburden, thickness of the various formations, the mineable depth and the percentages of each useable unit were made. Rock quality was based on test data supplied by West Lake from both private and state tests, as well as visual inspection of existing faces.

A summary of specific references follows the reserve calculation for each site. A general bibliography follows the body of this report. Field work, data accumulation and interpretation were done by Dr. James R. Dunn and W.E. Dill, Jr.

5.0 GOVERNMENT REGULATIONS

5.1 Introduction

The specific regulations applicable to each reserve property are discussed in the section dealing with that property. Applicable Federal and Missouri regulations are discussed below because they apply to most properties.

5.2 Federal Regulations

The principal federal regulation which applies to all properties is the Mine Safety and Health Administration program which was recently transferred to the jurisdiction of the Occupational Safety and Health Administration. We are not aware of any unusual problems that West Lake has in complying with these regulations, and there should be no unusual problems in the future.

5.3 State of Missouri Regulations

The principal state-wide law relating to quarry operations is "The Land Reclamation Act" (L. 1971, H.B. 519). A copy of this act is included in the reference file.

All of the active West Lake operations currently comply with these regulations and no difficulties are anticipated in future compliance.

6.0 REGIONAL SETTING

West Lake properties fall in two general categories: Those on or near the Mississippi River from St. Louis south and those on the Missouri River between Omaha, Nebraska and St. Joseph, Missouri. Two properties in the first classification are not on the river, Quarry No. 1, located in St. Louis, Missouri and the Franklin County property which is west of St. Charles, Missouri. Plate 1 shows the approximate locations of the properties controlled by West Lake.

6.1 Quarry #1 (Bridgeton)

6.1.1 Location

The No. 1 Quarry is located off St. Charles Rock Road, St. Louis, Missouri and is within U.S. Surveys 131, 47, 1934, 282, 729, 2040 and 992 located in Townships 46 and 47 North, Range 5 East in St. Louis County, Missouri. Map number 1 shows location, property lines, quarry site, landfill site, topography, and reserve area.

6.1.2 Ownership and Control

The property consists of 370.50 acres. 242.24 acres are owned in fee simple by West Lake and 128.26 acres are leased by West Lake from a related partnership. Copies of deeds and leases are included in the reference file.

6.1.3 Government Regulations

Local-St. Louis County

In St. Louis County, the extraction of raw materials from the earth and the processing thereof is a Conditional Use in Flood Plain, Non-Urban, one-acre Residential, and Industrial Districts requiring a Conditional Use Permit (C.U.P.). Copies of the relevant zoning ordinances, 1003.163 and 1003.181 are included in the reference file. While provision is made for quarrying in St. Louis County, some resistance to granting C.U.P.'s has developed, and opening any new operations could be exceedingly difficult.

6.1.4 General Geology

The Bridgeton property is located in an area of relatively flat-lying undistorted sedimentary rocks. The rocks mined are all of Mississippian age and consist of the Salem, St. Louis and St. Genevieve Formations. Plate 2 is a columnar section describing the formations and their most probable thicknesses at the quarry site.

The Salem Formation, 75 to 80 feet thick in the St. Louis area, is a fine to medium grained limestone to dolomitic limestone, with the upper 30 feet approved for use as coarse aggregate for concrete by the Missouri Highway and Transportation Commission. Typical characteristics of the Salem in the St. Louis area are: Specific gravity 2.58, Absorption 1.8% and LA abrasion 21 to 23%. Additional quality information is included in Appendix A-1.

6.1.5.2 St. Louis Formation:
The St. Louis Formation, about 130 feet thick in the St. Louis area, is a brown to gray limestone, varying from thin bedded to massive, dense to coarsely crystalline. The upper 31 feet is approved for coarse aggregate while a lower section, 27 to 30 feet thick is approved for asphaltic concrete coarse aggregate. A summary of the Missouri Highway and Transportation Commission test results is included in Appendix A-1.

6.1.5.3 St. Genevieve Formation:
The St. Genevieve in the St. Louis area is up to 20 feet thick and varies from massive to thin bedded, coarse grained, partly oolitic, blue-gray to white. It is approved for use as coarse aggregate for concrete with certain size restrictions by the Missouri Highway and Transportation Commission. Details of test results are included in Appendix A-1.

6.1.6 Market Area
The location of the Bridgeton (#1) quarry is ideal for the supply of crushed stone to the Metropolitan St. Louis area. Due to urban sprawl and bedroom communities in the area, it is doubtful that new quarries will be opened in the St. Louis-St. Charles County area. The advantage of proximity to this growing market is substantial. The landfill facility generates substantial revenue and provides a valuable area

for the disposal of overburden in the covering of waste material.

6.1.7 Reserves

The reserves at Quarry No. 1 are available from two locations: by deepening and robbing benches in the present quarry and from a tract of land containing approximately 120 acres south of old St. Charles Rock Road (abandoned). The 120 acre parcel currently supplies overburden for the landfill. It is not zoned for stone quarrying although appropriate zoning is currently being sought. The reserve calculations assume that such zoning will be attained.

The floor of the present quarry is in the Salem Formation. Towards the base of the Salem, shale appears followed by poor quality dolomite. These two factors limit the mineable thickness to 55 to 60 feet. The present floor is 40 feet below the St. Louis-Salem contact allowing the removal of an additional 15 to 20 feet from the floor. By removal of benches as operations retreat from the quarry an additional 126 acre-feet of stone could be recovered. Deepening the quarry by 15 feet would yield 379 acre-feet for a total reserve within the limits of the existing quarry of 505.80 acre feet or 1,786,991 tons. The 120 acre tract across old St. Charles Rock Road is mineable to an average depth of 200 feet net of overburden. The net area mineable after provision for set-backs land benching would be 100 acres. The reserve in this block total 70,660,000 tons. Essentially all of this material would be useable either through sale to the trade or for use in layering in the landfill.
